Daily practice of key skills allows children to become more fluent and more confident, and gives them the chance to build on this knowledge. In reading, maths and phonics/spellings it has been shown that children who regularly practice skills and complete activities in a range of contexts are better able to apply these skills in all areas.

Daily reading - Share your Reading or Library Book, or a book of your own, with a grown up.

Spelling practise - Don't forget to keep practising to spell the Common Exception Words (You will get a highlighted list from your teacher).
